

# THE BRITISH PALOMINO SOCIETY

## Application for REPLACEMENT Equine Passport

DEFRA APPROVED. (This is only for replacement/duplicate passports if the original is lost.)

**£125 (includes DNA Colour Test)**

NRP

.....  
For office use only

Please check the website to ensure you have the up to date form and correct postal address to send the documents to.  
Please complete this form as fully as possible, stating 'Not Known' where appropriate.  
Please have the accompanying identification (silhouette) diagram completed, this will form part of the passport.  
Please provide six photos – showing front view, side view (2 x both L & R) and rear view.  
Please give full microchip details with a veterinary stamp as passports cannot be issued without this information.

(For office use only)

(MARQUES ACQUISES)

Veterinary surgeon **MUST** tick box to confirm that he/she has scanned this horse/pony for any existing microchip and to confirm that none was found before the stated microchip was implanted.

## **Directions for completing the form – Type or print neatly & return the form to the Society**

1. The horse must be microchipped by a Veterinary Surgeon. The completed descriptive must be accurate and meet all FEI guidelines. If it is completed by a competent person, not a vet, then this must be done prior to any microchip implant as your vet must sign to confirm that the description is a true representation of the animal he/she is microchipping.
2. The hair for the DNA Test must be taken by a Veterinary Surgeon. Forms for DNA Test can be downloaded from the website.
3. Enclose six (6) good quality photographs taken in good light of the **complete view** of the animal on hard ground (two from each side, one from the front and one from the rear) 15cm x 10cm. Computer printouts will be accepted but only if they are clear, not distorted in any way and are printed onto good quality glossy/matt photographic paper only.
4. Each photograph must have the D.O.B of the animal and the name of Sire and Dam written on the back.
5. Enclose the correct with cheque / postal order made payable to The British Palomino Society or proof of direct payment into the Society's bank account -
6. **We strongly recommend:**
  1. **You keep a copy of the entire application form in case of postal loss.**
  2. **You send your application to the Registrar by Special Delivery Guaranteed –**

**Fees:**    **£125 (inc DNA colour test).**    For return by: *Special Delivery Guaranteed* please add an extra £8  
*Signed For Delivery* please add an extra £3

**Check List:** You should have enclosed: - Completed Form     6 Photographs as above     Correct Fee   
Completed DNA Test Form     Hair sample taken by Vet

## **Please post to the address found on the contact page of the website.**

### **LEGAL RESPONSIBILITIES FOR OWNERS**

The owner of an Equine (horse, pony or donkey) has specific legal responsibilities under the Horse Passport Regulations 2009. Failing to comply may mean that the local authority (usually Trading Standards) takes enforcement action. The maximum penalty for each offence is £5000

### **APPLYING FOR PASSPORTS**

Any equine must be microchipped by a vet before a passport can be applied for.

The owner must apply for a passport from an authorised Passport Issuing Organisation (PIO) before a foal is 6 months old or before the 31 December of the year of birth, whichever is the later. Failure to do so is an offence.

### **KEEPING AN EQUINE**

Once a passport is issued – keep it safe. A Trading Standards Animal Health Officer may request it to be produced for inspection at any time

The passport should accompany the animal when it moves around including to shows, sales, competitions, when it is sold or moves to slaughter.

Keep a note of the passport number and the PIO it was issued by. This makes obtaining a replacement more straight forward if the original is ever damaged, destroyed or lost as the passport is valid for the life of the horse.

It is an offence to apply for a duplicate passport for an equine unless the original is lost, destroyed or damaged and in such cases a duplicate must be sought within 30 days.

Passports must be returned to the issuing PIO following death of any equine within 30 days of death to enable the passport to be invalidated.

Administration by a vet of all prohibited veterinary medication will be recorded in section ix part iii if the equine has not been signed out of the human food chain.

In addition, an equine can be signed out of the human food chain at any time by an owner, keeper, PIO or Veterinarian.

### **SELLING AN EQUINE**

When a horse, pony or donkey is sold the passport must be passed on to the new owner with an accompanying signed transfer of ownership form. The new owner then has 30 days to comply with the Law by transferring ownership with the issuing PIO.

### **BUYING AN EQUINE**

On purchase of any equine always obtain and inspect the passport thoroughly and make sure you obtain a signed transfer of ownership to enable you to notify a change of ownership with the issuing PIO and any overstamped society within 30 days. In the case of The British Palomino Society you will need to send the completed form, the equine passport and the correct fee to the PIO (address is in bold print on the front of all forms).

**The British Palomino Society works closely with South Yorkshire Trading Standards Animal Health Officers**

More details can be found by visiting the British Palomino Society website at [www.thebritishpalominosociety.co.uk](http://www.thebritishpalominosociety.co.uk)
